I. R. 5.

Losses of \$15,000—

### Complaint to Consider

That in act 2001 mr. maxmin, knew that he  
in a chapter 13. that there were no efforts to  
observe the Laws Governing that Court.

That the re-examination was without merit.

That the Facts will indicate that mr.  
maxmin, deliberate, action would indicate, that  
other motives were present. that the agent mention  
that he had been to the city of Charlotte, and  
that no record was available. These records, avail-  
able now, could have been mis located, and the  
absent, if no court notice, would have made  
this action for re-examination null & void.  
Remedy

that all monies be return now, with interest  
and damages. This breaking of law created a great  
hardship to my children, wife and Living Com-  
pact. The last payment to the I.R.S. was  
deducted in 11-10-11

## Summary of Defense & Loss

This is to request the money due  
as a result of not obeying the Chapter 13  
File in 2001 - I Believe by law that  
you all were to notify the court, if you  
needs, ALL so the evidence I have  
here would imply, that no money is  
due, see attached Record of Childrent &  
Losses. What you are doing is creating  
a drastic Hardship. I Am Dis Able And  
this is causing more harm. I have tried  
to reach everybody no results. I find it  
hard to believe, that our Government would  
behave Badly. my losses are about,  
\$10,000 - or more.
